

HOGENT SUMMER SCHOOL 2018

University College Ghent in Collaboration with Mountains of the Moon University, West Kentucky University and International Association for the Scientific Study of Intellectual and Developmental Disabilities is proud to present the second Summer School: “Improving the Quality of Life through the Quality of Care” in Uganda.

The Summer School consists of a 2-week program with lectures, visits and group activities designed to give students opportunities to learn how Quality of Care can improve the Quality of Life of different target groups. It features contributions from several of our long-lasting and valued international academic partners.

The Summer School aims at bachelor students who have acquired at least 60% of their study program. It is set to foster interdisciplinary and intercultural learning for students within the broad study fields of Health, Nursing, Education, Speech Therapy, Social Work, Dietetics & Nutrition, Occupational Therapy, Special Needs education/Orthopedagogy.

Besides specific courses in various fields, the Summer School provides an interesting cultural program full of recreational trips and evenings.
